FRANCIS B. GRAVES

Francis B. Graves, one of the early members of the C. L. A. and a well-known figure in California library circles for many years, died in Alameda December 1, 1933, at the age of seventy. He began his library work in what is now the Mechanics-Mercantile Library, San

Francisco, February 5, 1885, but left to become librarian in Alameda November 3, 1899. He returned to the Mechanics-Mercantile Library December 1, 1907, and held the position of librarian there continuously until his death exactly twenty-six years later. Mr. Graves was said to have known personally every book in the large Mechanics-Mercantile collection and in his quiet, scholarly but friendly way he was happy to give help to all who sought it from him. His loyal and appreciative friends are grieved at the passing of a librarian and a gentleman of "the old school."

CALIFORNIA COUNTY LIBRARIANS

For information in regard to County Librarians' Committees, see *News Notes of California Libraries*, October, 1933.

BOARD OF LIBRARY EXAMINERS, CALIFORNIA

MEMBERS OF THE BOARD

Mabel R. Gillis, State Librarian, Chairman.

Robert Rea, Librarian, San Francisco Public Library, Secretary.

Althea H. Warren, Librarian, Los Angeles Public Library.

Miss Althea H. Warren, appointed Librarian of Los Angeles Public Library on November ninth, became according to law

a member of the Board of Library Examiners. Miss Warren's fine personality and marked ability make her a welcome addition to the examining board.

For further information regarding Board of Library Examiners, see *News Notes of California Libraries*, October, 1933.

EVERETT R. PERRY

The California library world was shocked late in October to learn of the serious illness and then the death of Everett R. Perry. As he had always looked well and strong and was only in his fifty-eighth year it was to be expected that he would still have many years of vital service to give to his chosen profession. It is with a great sense of loss, then, that we record Mr. Perry's death and the end of his connection with the Los Angeles Public Library of which

he had been librarian since 1911, the Board of Library Examiners, on which he served continuously from the same date, and the California Library Association in which he always took an active part and whose president he was in 1916-17. Although his actual work in these organizations is over, his influence on all of them has left an indelible impression. His constant and vigorous interest in library affairs and his energy in translating this interest into effective action have given him a high place in California library annals.

CALIFORNIA STATE LIBRARY

The bill establishing the California State Library was signed by Governor Peter H. Burnett, January 24, 1850.

QUARTERLY NOTES

Miss Gillis went to Chicago October 10 to attend the American Library Association conference. She was on the program of the County Library Section and also of the National Association of State Libraries, and presided at the round table meeting on work with the blind. Miss Gillis attended the annual joint meeting of the Northern and Southern sections of the California School Library Association in Fresno October 28-29, and spoke informally at one of the sessions. On November 4 Miss Gillis attended the meeting of the 8-9 District of the California Library Association at Chico and was the main speaker at the afternoon session. At the 5th District meeting at Jackson on November 17 she told of her impressions of the A. L. A. November 20 she spoke at the meeting of the Northern District of the California Federation of Women's Clubs in San Francisco and from there went to Los Angeles to attend to library business in that vicinity for the remainder of the week. On December 8 Miss Gillis and Miss Girdner, librarian of Galileo High School, San Francisco, represented the California Library Association at a meeting called by the State Department of Education to discuss a Charter for Public Education.

Miss Hitt was in the southern part of the state November 2-7 and was the official representative of the State Library at the funeral of Mr. Everett R. Perry on November 1. On November 2 she at-

tended the C. L. A. Executive Committee meeting, and on November 4 she represented Miss Gillis at the meeting of the 6th District held in La Jolla. She presided at a meeting of the Certification Committee of the C. L. A. at Los Angeles on November 6 and 7.

The State Library was represented at the 5th District meeting by Miss Gillis, Miss Hitt, Miss Mumm, Miss Smith, Mrs. Minarik, Miss Tilden, Miss Look, Miss Taylor, Miss Sherwood and Miss Lyndall Harmon.

On November 8 Miss Margaret Nix was appointed junior clerk to take the place of Mrs. Lorine Kinz who resigned. Miss Jean Luppen, who was graduated from the University of Oregon last summer and who expects to attend a graduate school of librarianship next year, has been doing practice work during the quarter in the Reference Section.

On December 22 eighteen women and one man were put to work in the State Library on Civil Works Service projects. They are engaged in filing, typing, repairing books and cleaning shelves.

Two staff meetings were held during the quarter, one on October 9 and the other on October 25. On the latter date Miss Gillis gave the staff an account of her trip to Chicago and of the A. L. A. conference. For various reasons the staff decided to omit the Hallowe'en party and also the annual Christmas party. Staff officers elected for the year beginning January 1, 1934, are as follows: President, Miss Beulah Mumm; Vice President, Miss Lily Tilden; Secretary-Treasurer, Mrs. Edith Morris; Executive Committeemen, Mrs. Lilian Buhler and Mrs. Flora Michie.

In November staff members contributed \$501 to the Community Chest and twenty members also joined the American Red Cross. Forty-four of the staff renewed membership in the State Employees Association.

In it are kept the prints acquired by the State Library for several years past and now for the first time suitably housed and displayed. * Native Californian.

of Los Angeles was shown in the Prints Room during October and the first two weeks of November. During the rest of November the exhibit was taken from the State Library's collection and consisted of prints of animals, birds and fish by various artists and in all mediums.

During December the Library had its fifth annual exhibition from the Print Makers Society of California.

There were 854 visitors to the Prints Room during these three months.

Two talks on prints were made by the Prints Librarian during this quarter.

BOOKS FOR THE BLIND SECTION

MABEL R. GILLIS, in charge.

Embossed books in the various types are sent to any blind resident in California upon application. Circular and finding list, with call slip postal, will be sent on request. Writing appliances and games for the blind are loaned as samples to those wishing to buy such articles, so that the different kinds can be tried before they are ordered. Addresses of firms supplying all articles loaned will be furnished on request.

Books sent to individuals from an institution distributing embossed literature are carried free through the mails.

Embossed catalogs of the earlier material in American Braille, Moon and New York point are available. They will be loaned to borrowers wishing them for use in book selection.

A catalog of all books in Moon type in the Library up to October 1, 1926, and one including all books in Braille up to April 1, 1927, will be sent to anyone requesting it.

The State Library will be glad to have borrowers who care to do so write any letters or requests for books to the Library in Braille or New York point.

Attention of the borrowers is drawn to the fact that books for return to the Library should always be placed inside mail boxes and not left on top of them.

Again we request borrowers not to send post card receipts or requests to the Library inside of books. When books are returned they often go out very quickly again and the pages are not opened up one by one. Therefore, a request sent in that way can very easily be lost for many months. The post cards should be sent in the mail separately.

Books may be kept one month. At the end of that period they will be renewed on request unless the demand for them is so great that renewal is not feasible.

At the 1931 session of Congress an annual appropriation of \$100,000 was made for providing books for adult blind. This work is handled by the Library of Congress with the books printed at or purchased from various printing houses.

The California State Library has been designated as one of the centers to receive the books printed from this appropriation. Many titles have been received and are reported currently in the list of books added with the note that they are provided by the United States government through the Library of Congress.

The first book was loaned June 13, 1905. There are now 3347 blind borrowers, 31 borrowers having been added during October, November and December. Total accessions are 35,086, as follows: New York point books 2936; New York point music 188; American Braille books 3146; American Braille music 1289; European Braille books 4569; European Braille music 324; Esperanto Braille books 3; Moon books 8194; Moon music 5; Revised Braille books 13,054; Revised Braille music 335; Standard dot books 14; Line books 193; Line music 21; Ink Print books 635; *Appliances 87; *Games 58; Maps 35.

Home Teaching

Kate M. Foley, home teacher of the blind, is at the Argyle Apartments, 146 McAllister street, San Francisco, every Thursday from 9 a.m. to 5 p.m. Her telephone number is Market 0690. She gives lessons regularly in the bay region and the Santa Clara Valley, with occasional trips to other parts of the State. Catharine J. Morrison, home teacher of the blind, is at the Los Angeles County Free Library, Broadway Annex, Hall of Records, the first Wednesday of each month. Her home address is 951 S. Kenmore ave., Los Angeles. Her telephone number is Fitzroy 3251. She gives lessons regularly in Los Angeles and vicinity and makes occasional trips to San Diego.

From October 1 to December 31, home teachers gave 571 lessons in the homes of the blind and 11 lessons in libraries. They made 213 visits and calls in connection with the work for purposes other than giving lessons, and have received 75 visits in connection with the work.

During the quarter Miss Foley and Miss Morrison spent 316 hours on correspondence and preparing lessons. They

wrote 431 letters and 260 postals and received 303 letters and 101 postals. They also answered and made 559 telephone calls. They made 4 addresses. Miss Foley, as usual, taught the writing of Braille to classes of seeing people in Oakland, in Alameda and in San Francisco. She spent 11 hours in proof reading hand copied books. The various other activities in connection with the work of the home teachers can not easily be tabulated.

QUARTERLY NOTES

Miss Gillis went to Marysville January 3 to meet with officers and committees of the Parent-Teacher Association who are interested in the promotion and welfare of libraries. On January 25 she spoke to a large luncheon meeting of the Fremont Presbyterian Church Women's Club in Sacramento on Californiana in the State Library. The following week a group of women who had heard this talk visited the State Library and made a complete tour of the building. On February 3 Miss Gillis was a guest at the Book Lovers Dinner held in San Francisco in connection with the annual Book Fair. The Sutro Branch participated in the Book Fair, exhibiting two cases of rare books. On February 12 Miss Gillis was the speaker at an afternoon meeting of the Sacramento D. A. R. On February 13 she spoke twice in Napa, at a meeting of the County Federation of Women's Clubs in the afternoon, and at the American Association of University Women in the evening. Miss Gillis and Mrs. Henshall represented the State Library at the meeting of the Second-Third District C. L. A. at Asilomar on February 17. Miss Gillis was one of the speakers on this program. On the 27th of February she spoke again in Sacramento at the Y. M. C. A. Luncheon Club, describing the services of the State Library. Miss Gillis was also a speaker at the Fourth District C. L. Miss Foley, our San Francisco home teacher of the blind, went to New York in March to attend a meeting of an important national committee on uniform type for the blind. Miss Foley was honored by being chosen chairman of this committee which will probably have another meeting later in the year.

On January 8 Dale Lapham resigned to accept a position in the Department of Public Works, and William Calvert was appointed to succeed him as page in the Government Documents Section. Betty McElroy and Marilene Dobson worked for three weeks in February as temporary pages and Mrs. Lena Webber was employed for about ten days in March as temporary stenographer-clerk. Miss Helen Clayton was married on January 19 to Harold Ristow.

At a staff meeting on February 19 Miss Helen Bruner told something about the Sutro Branch, its collection and its work. Two staff committees were appointed for the current year: Properties—Mrs. Flora Michie, Miss Margaret Denison and Harold Carlson; Service—Miss Rachel Look, Mrs. Marguerite Duggins and William Lyons.

At the request of a number of members of the staff a Book Review Section was organized in March. At the first meeting held at 8.30 a.m. on March 7 Miss Wenzel reviewed several new California titles. At the next meeting Miss Grace Taylor, Librarian of the Sacramento City Library, was the speaker.

At a meeting of the library staff members of the State Employees Association in January Miss Lily Tilden was elected Group Committee member to represent the library and was later chosen to act as Chairman of the Group C Committee.

In March the State Library enjoyed a visit from Mr. Arnold Miles of the Public Administration Service of Chicago. He is collecting data to be used in connection with a library survey that is being made by Dr. Louis R. Wilson, Dean of the Graduate Library School of the University of Chicago.

March 29 marked the completion of C. W. S. projects in the State Library which began December 22. Reports from the various sections of the library show that the workers on these projects accomplished the following tasks:

Repaired 750 books; shellacked, hinged and sewed 300 hand copied books for the blind (90 pages to a book); patched and bound 78 volumes of newspapers; dusted and segregated California material in locked cells, such as journals, ledgers, duplicate books, duplicate pamphlets, boxes, etc.; dusted, sorted, checked and listed files of accumulated periodicals in California section; sorted and arranged in Man-u-save envelopes furnished by C. S. court records; made stencils for an 84 page report to be mimeographed and sent to the libraries of the state; filed about 10,000 reference slips and about 4800 shipping tags; filed 20,500 cards in California newspaper index; washed and treated with an oil mixture the leather bindings of 3639 volumes.

PRINTS SECTION

BERTHA S. TAYLOR, Librarian.

The Prints Section has been established only since the new State Library building was occupied in August, 1928. In it are kept the prints acquired by the State Library for several years past and now for the first time suitably housed and displayed. In display cases can be shown about fifty prints at a time and exhibits are constantly maintained. Visitors are invited.

One print was added by gift during the last quarter, making the total number of prints 3147.

In January selections from the annual exhibit of the California Society of Etchers were shown in the Prints Room. The exhibit in February was a one-man show of linoleum prints in color by William Seltzer Rice of Oakland. During March Mexican engravings and lithographs from the State Library collection were exhibited. In connection with this show an annotated catalog was prepared which made the exhibit doubly interesting, as it is difficult to find information about these Mexican artists in the usual sources.

There were 850 visitors to the Prints Room during these three months.

BOOKS FOR THE BLIND SECTION

MABEL R. GILLIS, in charge.

Embossed books in the various types are sent to any blind resident in California upon application. Circular and finding list, with Call slip postal, will be sent on request. Writing appliances and games for the blind are loaned as samples to those wishing to buy such articles, so that the different kinds can be tried before they are ordered. Addresses of firms supplying all articles loaned will be furnished on request.

Books sent to individuals from an institution distributing embossed literature are carried free through the mails.

Embossed catalogs of the earlier material in American Braille, Moon, and New York point are available. They will be loaned to borrowers wishing them for use in book selection.

A catalog of all books in Moon type in the Library up to October 1, 1926, and one including all books in Braille up to April 1, 1927, will be sent to anyone requesting it.

The State Library will be glad to have borrowers who care to do so write any letters or requests for books to the Library in Braille or New York point.

Attention of the borrowers is drawn to the fact that books for return to the Library should always be placed inside mail boxes and not left on top of them.

Again we request borrowers not to send post card receipts or requests to the Library inside of books. When books are returned they often go out very quickly again and the pages are not opened up one by one. Therefore, a request sent in that way can very easily be lost for many months. The post cards should be sent in the mail separately.

Books may be kept one month. At the end of that period they will be renewed on request unless the demand for them is so great that renewal is not feasible.

At the 1931 session of Congress an annual appropriation of \$100,000 was made for providing books for adult blind. This work is handled by the Library of Congress with the books printed at or purchased from various printing houses. The California State Library has been designated as one of the centers to receive the books printed from this appropriation. Many titles have been received and are reported currently in the list of books added with the note that they are provided by the United States government through the Library of Congress.

The first book was loaned June 13, 1905. There are now 3381 blind borrowers, 34 borrowers having been added during January, February and March. Total accessions are 35,703, as follows: New York point books 2945; New York point music 188; American Braille books 3146; American Braille music 1289; European Braille books 4593; European Braille music 327; Esperanto Braille books 3; Moon books 8290; Moon music 5; Revised Braille books 13,518; Revised Braille music 347; Standard dot books 14; Line books 193; Line music 21; Ink Print books 644; *Appliances 87; *Games 58; Maps 35.

PRIVATE PRESSES AND FINE PRINTERS OF CALIFORNIA*

By CARL I. WHEAT

When Miss Britton asked me to address this convention I suggested that I might possibly palm off upon you something of an historical character that I had tried out on other audiences. But she wanted something less musty—something about books and printers. I at first pleaded ignorance of the subject, but at length suggested as a topic: "Some Unprintable Facts About California's Fine Printers." She looked at me a bit dubiously, and reminded me that there would be ladies present. I shall therefore do my best to insult no printers and to shock no ladies, though I must confide in you the fact that no less a pair of personages than the State Librarian and the Los Angeles City Librarian have both expressed their regret at the change of subject, and I have been urged to accord a private audience to a selected group before the close of the convention. I shall do so at midnight on Saturday evening on the summit of Mt. Wilson.

I think I ought to tell you that, although I have had the pleasure of an acquaintance of some years with most of the men of whose work I shall speak, I admit freely—I even boast—that I really know little about either private presses or fine printing. The Hoax, therefore, which I am about to perpetrate upon you, is of Miss Britton's own making, and I warn you to hold her responsible. It is notorious that we lawyers are thus frequently called upon to advance strange causes.

A private press, as I shall use the term, refers to a wholly personal, wholly non-commercial enterprise, engaged in as an avocation, usually by one who is not a professional printer, for the mere pleasure of the doing. Excellence of results—as such—is unimportant when we consider the private press. It is the spirit behind the work that counts, rather than the quality or lack of it, as printing. But while his work is noncommercial in character, the private printer may, on occasion, market his products, to help defray

expense, if the marketing remains purely incidental to the effort itself.

A fine printer, on the other hand, is one whose work has been recognized as outstanding by those who are qualified by taste and background to judge of such matters. This is a problem in aesthetics, and for that reason no exact or positive definition is possible. Let us get at it by a process of elimination.

Fine printing is not distinguishable by its size—for some of the worst of printed books are grandiose, overgrown affairs. It is not a matter of the use of color or brass rule—for much atrocious printing boasts these factors. It is not mere press-work; for all good printing must have that. It is not mere spacing, or some peculiar type, or some particular kind of paper. It is not the use of strange devices or the affectation of a deckle edge. And emphatically it is not the mere limitation of the number of copies printed, for the so-called "Limited Edition" may or may not be fine printing. Usually it is what a recent writer has termed "so much mere boobybait."

To the layman the very term "fine printing" is a bit unintelligible. A business acquaintance of mine recently stopped me on the street to remark that he understood I was interested in fine printing. "I'm anxious to locate some," he said. "Maybe you can help me. My eyes have been troubling me lately and my doctor suggests that I look up something set in the tiniest type I can find and read for ten minutes every day *the very finest printing I can find*. Haven't you some fine printing you can loan me?" I assured him that my kind of "fine printing" and his had nothing in common, and we went our several ways. But if fine printing—your kind and mine—is indefinable and elusive, it may yet be recognized by those who seek it. And because of this, let me first discuss the fine printers of California, leaving the private presses until later.

I shall not attempt a catalogue or

* Paper read before California Library Association, May 4, 1934.

bibliography, and I have brought no samples with me. I shall merely present a few purely personal reactions to the men whom I have happened to know in this field. When we speak of "fine printers" we at once think of William Morris and of the revival of printing for which he was so largely responsible. We can not look upon the magnificent productions of the Kelmscott Press without coming under his spell. And we also think of Cobden-Sanderson and Emery Walker and David Berkeley, Updike and Carl Purington Rollins and Bruce Rogers—to mention only a few of the apostles of this rebirth of taste and workmanship which began with Morris.

Here on the Pacific coast we have a unique group of men worthy to be named in the same breath with these masters. I refer, of course, primarily to Edwin Grabhorn and John Henry Nash, but there are others also—as we shall see.

Edwin Grabhorn, in my estimation, must come first in any such consideration of California's fine printers. In his tiny shop in San Francisco, he and his brother Robert have turned out, a few pages at a time, some of the truly great masterpieces of modern printing. Who, indeed, can look upon his "Leaves of Grass," his "Santa Fe Trail," his "Letter of Amerigo Vespucci," his "Voyages and Travels of Sir John Maundeville," or his dainty "Book of Ruth" without a thrill? Ed Grabhorn is what the biologist would term a "sport," a wholly unpredictable genius. His work has a bold, yet an elusive quality, and seemingly everything he touches—down to the smallest and most ephemeral item—becomes in his hands a thing of beauty. Who save him would have *dared* to print Oscar Wilde's "Salome" in a *sans-serif* type? Who else would have dreamed that title page of the "Santa Fe Trail," and then been able to put it into execution?

I spent last Sunday evening with Ed Grabhorn talking of early California. He is one of the leading enthusiasts in this field, and during the past few years has been turning more and more in this direction for the subject-matter of his efforts. His recently completed series of ten reprints of rare early western books is now being followed by a series of five even more finely-conceived volumes. On

the press now is "Old Block's Sketch Book," of which sixteen pages have been completed. It will be a book of great interest, both to lovers of fine printing and to collectors of items dealing with the early west. There, in his little printing office, these things are being given life and beauty in the hands of this great, yet simple and wholly unassuming master. Small wonder that George W. Jones, himself one of the leading fine printers of England, should recently have spoken of the Grabhorns as "the greatest printers in the world today." Emphatically, the Grabhorn books are books *to be read*. Ed Grabhorn strives at no grandiose effects, and while much of his work has harked back in spirit to the master efforts of the earliest period of printing, he is not a mere "period printer." He is, indeed, one of those rare mutations—one who instinctively strikes out for a goal which no mere training nor ambition can render attainable to the ordinary run of men.

Next to Grabhorn we must unquestionably place John Henry Nash. Here, however, we shall find differences of opinion. Primarily Nash differs from Grabhorn in the cold excellence of his work, as compared with the warm and human qualities of Grabhorn's beautiful pages. Nash has been criticized because of a somewhat apparent striving for effect, and some critics have urged that he is a master of brass rule alone. I believe, however, that the dispassionate observer must admit that he is also very much of a genius. And this is peculiarly true in respect to the books which he has himself set into type. At the case he is a master craftsman, and he has never forgotten the advice given him many years ago by that other great American printer, Theodore De Vinne, who urged him never to lose his intimate touch with the tools of his trade.

Aside from the beautiful books which Mr. Nash has made for William Andrews Clark, his most notable effort has been his printing of Professor Anderson's translation of Dante, in four large volumes on specially made paper, bound in Germany in full vellum. Perhaps it is the very magnificence of this *tour de force* which renders it to me a bit cold. I like better, personally, his printing of Boccaccio's "Life of Dante," which he

did some years ago for distribution among his friends, and which has now become a rare and much sought-for volume.

Perhaps it is his familiarity with early printed books which renders Mr. Nash partial to the folio. Whatever it may be, he runs naturally to large page sizes. But his versatility is disclosed in the two lovely little volumes which he printed for Albert Bender of San Francisco, in memory of Anne Bremer, the artist.

Like Grabhorn, Nash has done much of his best work for the Book Club of California, that unique group of booklovers which centers in San Francisco. He has also printed many commercial pieces of an ephemeral nature for various business houses. Perhaps as genuinely pleasing as any of his efforts was his printing of Henry L. Bullen's "Nicholas Jenson," in which—as a recent critic has said—he has attained "a quality of simplicity and restraint not found in the majority of his books." He is now at work on a rendering of the Vulgate Bible, which he hopes will be his monument, much as the great "Chaucer" is the monument of William Morris.

We can not leave the fine printers of San Francisco without mention of the Johnson Brothers, James and Cecil, who possess the true spirit of the old-time craftsmen, and who have demonstrated their ability in a number of books published under the name of the "Windsor Press." Helen Gentry, John Johnck, Lawton Kennedy and Taylor & Taylor are also doing remarkable work in the Bay region. Kennedy's efforts on the *Quarterly* of the California Historical Society deserve special notice, and Taylor & Taylor are outstanding, though their work is almost wholly commercial in character. They have demonstrated that a catalogue can be made a work of art in the hands of printers of real understanding.

South of the Tehachapi "fine printers" are fewer than in the north. Yet we should not forget the excellent work which is being done by Bruce McAllister, who was, I believe, the first local printer to have a book accepted among the "Fifty Books of the Year" by the American Institute of Graphic Arts. McAllister has printed two excellent books in collaboration with Jake Zeitlin, the bookseller,

one a translation of "Eine Blume aus den Goldene Lande oder Los Angeles," and the other Sarah Bixby Smith's charming "Adobe Days." While McAllister's work can hardly be said to possess the outstanding qualities of either Nash or Grabhorn, he has done and is doing the sort of printing which we recognize at once as of high calibre. Along with him must be placed T. E. Williams of the Santa Ana Junior College, some of whose recent work ranks well with anything which has been produced in southern California.

Ward Ritchie once came to Zeitlin and confessed that, while he knew nothing of the art, he yearned and hankered mightily to be a printer. He hired the use of a commercial print shop on Sundays, when the regular printers were at the beach, and acquired the rudiments. Later he spent some time in Europe, visiting the master printers of England and the Continent, and spending a period at work in the shop of that tremendous genius, Schmied of Paris. Since returning to Los Angeles, Ritchie has become associated with Zeitlin and two others in the "Primavera Press," whose books he will print.

Another printer whose name should be mentioned is Thomas Perry Stryker, whose printing of Grapewin's "The Town Pump" was among "the Fifty Books of 1933."

Saul Marks, who operates "The Plantin Press," seems to have a future as a printer. He set the type for "A Gil Blas in California," recently published by Zeitlin, and he has done a number of attractive smaller items.

There are others, no doubt, who deserve mention among the "fine printers" of the West. But those whom I have mentioned form a notable group. A few years ago someone wrote of "The California School of Printing," and attributed the tendency of many of our printers toward so-called "period printing" to the salubrity of our climate, which was supposed in some fashion to have carried them back in spirit to the master period of the incunabulae. I can not agree, either as to the effects of the climate or the existence of the alleged "school." If you were to gather together a representative group of the works of all these men, you would find no such similarity of style or treat-

ment as would merit their classification in a single "school." Their work is as varied as are their varying backgrounds, and if the term "The California School" means anything at all, it signifies only the common striving after beauty and vital excellence which dignifies the work of each of these men.

And now for the "Private Presses." I have been greatly aided in preparing this phase of my paper by the courtesy of Mr. Sam Farquhar of the University of California Press, who courteously sent me a copy of the proof of Miss Louise F. Barr's new book "Presses of Northern California and Their Books," now being printed by the Book Arts Club of Berkeley. In my opinion, no library which attempts in any way to cover this subject can afford to pass up this book. And my enthusiasm is naturally not greatly lessened by the pleasant little comment which Miss Barr makes anent "The Wheatstalk Press."

In the north private presses flourish in considerable abundance. Miss Rosalind E. Keep of Mills College boasts a Colt Armory press of her own, and on it she prints the productions of "The Eucalyptus Press"—she and her three assistants being jointly known about the college as "The Four Horsewomen of the Eucalyptus."

Palo Alto has a veritable plethora of private presses—even though the "Wheatstalk" has removed to parts unknown. Edwin C. and Dorothy J. Starks operated, until Professor Starks' death in 1932, the "Old Garret Press," for the printing of accounts of his travels. "The House of Huntington" consists of Tuley F. Huntington and a Chandler & Price hand press, on which he has printed three books and some leaflets. Nathan van Patten boasts no actual press, but has put out several items under the imprint of "The Yerba Buena Press." And Hartley Jackson has operated under so many names that I hesitate to credit the tale.

In Berkeley there is not only the Book Arts Club, of which Sam Farquhar is the mentor, but your own members Tom and Barbara Cowles have brought forth several small items on their "Churchmouse Press."

Then there is the "Press in the Forest" of Jacob W. Wright, at Carmel, and Hugh A. Studdert Kennedy's "Farallon Press" at San Francisco.

The work of the late Thomas C. Russell was in a sense "private" and in a sense commercial. It was not "fine printing," though Mr. Russell prided himself highly upon his standards of craftsmanship, and once confided to me that "John Henry Nash doesn't know the first principles of printing—no sir, not even the first principles." Russell was a strange character, but a capable artisan, and I understand that the State Library is to be credited with suggesting to him most of the early California titles which he reprinted.

I can not refrain from pausing here to pay a tribute to that great library, over which Miss Mabel Gillis so ably presides. While most of my own work has been done in its California Department, under the helpful guidance of Miss Eudora Garoutte and later of Miss Caroline Wenzel, I know that the same excellence is maintained throughout the organization. A mere aggregation of books is not a library; it is the human and the understanding touch that transforms it. If, as is said, Mark Hopkins on one end of a log and a student on the other was a University, then I feel sure that Miss Gillis, or any of her assistants, and a couple of books would be a library—a thing which no mere mass of books or even the greatest collection of rarities could ever become without that element of personality. It is always a pleasure to be able to render homage to such an institution, and I feel a just pride in the work and accomplishments of our State Library.

Of the private printers of southern California the late Arthur Ellis was the patriarch. He it was who interested most of us in this fascinating field. He made no claims to artistic excellence, yet the products of his Colt Armory press are comfortable to look upon, and what is more, are valuable for their content. One of Ellis' first efforts was the reprinting of Hugo Reid's celebrated work on "The Indians of Los Angeles County." Reid, an Englishman who married the daughter of a Gabrieleno Chief, published his essay in installments in the *Los Angeles Star* in 1852, and since then it had never been reprinted in full. Ellis recognized its great ethnological importance, and his little reprint has become widely known. He founded the Zamorano Club, named after California's first printer, and gath-

ered about him a notable group of book lovers. Just before his untimely death he had completed printing the text of Cave Couts' journal of his trip from San Diego to the Colorado in 1879, which was later brought out as a memorial to him by the Zamorano Club.

Among those whom Ellis assisted in the way of printing was Gregg Anderson, who printed a number of small but highly individual items, chiefly poetry, before leaving for a year with the Grabhorns and later for the east, where he is now at work.

Roland Baughman of the Huntington Library staff has recently joined the ranks of local private printers. He has a small hand press, and though he has only started, he has done some excellent announcements for his institution.

Frank Cushing, a retired inventor, plays at printing in Los Angeles. I have not seen any of his work, but I understand that he is taking his hobby with dangerous seriousness.

Grant Dahlstrom, typographer for Young and McAllister, now operates Arthur Ellis' press, under the name of "The Ampersand Press." He is at present printing a book of poems by Rolf Hoffmann, Professor of German at the University of California at Los Angeles.

Jake Zeitlin once operated a small hand press, which is, however, at present in a state of suspended animation. He and Dahlstrom have in production on Ellis' press an unpublished work of Heinrich Heine, "The Gods in Exile," for which Paul Jordan Smith has written an intro-

duction. Indeed, after Arthur Ellis, I believe that Jake Zeitlin deserves particular mention in connection with printing in southern California. Jake, whose small but highly interesting bookshop is well known to all librarians, has been indefatigable in his efforts to further the cause of good printing in this area. Just now he is engaged, with Ward Ritchie, Phil Hanna and Carey MacWilliams, in developing "The Primavera Press." I begged of him a few of the beautiful little announcements of that enterprise, and any of you who may be interested may have a copy. I also have a few copies of the announcement of the work on Robinson Jeffers which the press is now bringing out. On it is an original Rockwell Kent initial for your collections. He tells me that the most notable achievement of the Primaveras was the printing of a little book by Gladys Dubois called "Wives Come First," because of which she was chosen to prepare the lyrics for Mae West's "I'm No Angel." Truly, no one can tell where private press activities may end!

Perhaps in closing I should remark that, in my estimation, the budding of so many private printers in this region is not really as terrifying a thing as it might seem at first blush. They are comparatively harmless, and Youth must have its fling. In any event, few, if any, of these enthusiasts will make the other class, try as they may. For the truly "fine printer" is a rare animal. By their fruits, indeed, ye shall know them.

PRINTS SECTION

BERTHA S. TAYLOR, Librarian.

The Prints Section has been established only since the new State Library building was occupied in August, 1928. In it are kept the prints acquired by the State Library for several years past and now for the first time suitably housed and displayed. In display cases can be shown about fifty prints at a time and exhibits are constantly maintained. Visitors are invited.

Thirty-one prints were added by gift during the last quarter, making the total number of prints 3178. There were 1280 visitors to the Prints Room during these three months. The increased number was largely due to the three-day Know Your Government Open House in May.

Exhibits for the quarter were as follows: In April oil-wash drawings by Edith Kinney Stellman of San Francisco, loaned by the artist; in May drypoints by Jeannette Maxfield Lewis of Fresno, loaned by the artist; June, etchings and drypoints by Arthur Millier of Los Angeles, twenty-two from the Library's collection and thirty-three loaned by the artist.

BOOKS FOR THE BLIND SECTION

MABEL R. GILLIS, in charge.

Embossed books in the various types are sent to any blind resident of California upon application. Circular and finding list with Call slip postal, will be sent on request. Writing appliances and games for the blind are loaned as samples to those wishing to buy such articles, so that the different kinds can be tried before they are ordered. Addresses of firms supplying all articles loaned will be furnished on request.

Books sent to individuals from an institution distributing embossed literature are carried free through the mails.

Embossed catalogs of the earlier material in American Braille, Moon, and New

York point are available. They will be loaned to borrowers wishing them for use in book selection.

A catalog of all books in Moon type in the Library up to October 1, 1926, and one including all books in Braille up to April 1, 1927, will be sent to anyone requesting it.

The State Library will be glad to have borrowers who care to do so write any letters or requests for books to the Library in Braille or New York point.

Attention of the borrowers is drawn to the fact that books for return to the Library should always be placed inside mail boxes and not left on top of them.

Again we request borrowers not to send post card receipts or requests to the Library inside of books. When books are returned they often go out very quickly again and the pages are not opened up one by one. Therefore, a request sent in that way can very easily be lost for many months. The post cards should be sent in the mail separately.

Books may be kept one month. At the end of that period they will be renewed on request unless the demand for them is so great that renewal is not feasible.

At the 1931 session of Congress an annual appropriation of \$100,000 was made for providing books for adult blind. This work is handled by the Library of Congress with the books printed at or purchased from various printing houses. The California State Library has been designated as one of the centers to receive the books printed from this appropriation. Many titles have been received and are reported currently in the list of books added with the note that they are provided by the United States government through the Library of Congress.

The first book was loaned June 13, 1905. There are now 3391 blind borrowers, 45 borrowers having been added during April, May and June and 35 borrowers lost by death from July 1, 1933, to June 30, 1934. Total accessions are 36,346, as follows: New York point books 2953; New York point music 188; American Braille books 3146; American Braille music 1289; European Braille books 4622; European Braille music 330; Esperanto Braille books 3; Moon books 8320; Moon music 5; Revised Braille books 14,078; Revised Braille music 353; Standard dot books 14; Line books 193; Line music 21; Ink Print books 651; *Appliances 87; *Games 58; Maps 35.

Home Teaching

Kate M. Foley, home teacher of the blind, is at the Argyle Apartments, 146 McAllister street, San Francisco, every Thursday from 9 a.m. to 5 p.m. Her telephone number is Market 0690. She gives lessons regularly in the bay region and the Santa Clara Valley, with occasional trips to other parts of the State. Catharine J. Morrison, home teacher of the blind, is at the Los Angeles County Free Library, Broadway Annex, Hall of Records, the first Wednesday of each month. Her home address is 951 S. Kenmore ave., Los Angeles. Her telephone number is Fitzroy 3251. She gives lessons regularly in Los Angeles and vicinity and makes occasional trips to San Diego.

From April 1 to June 30, home teachers gave 690 lessons in the homes of the blind and 22 lessons in libraries. They made 188 visits and calls in connection with the work for purposes other than giving lessons, and have received 101 visits in connection with the work.

During the quarter Miss Foley and Miss Morrison spent 386 hours on correspondence and preparing lessons. They wrote 484 letters and 283 postals and received 317 letters and 106 postals. They also answered and made 589 telephone calls. They made 2 addresses. Miss Foley, as usual, taught the writing of Braille to classes of seeing people in Oakland, in Alameda and in San Francisco. She spent 18 hours in proof reading hand copied books. The various other activities in connection with the work of the home teachers can not easily be tabulated.

CALIFORNIA LIBRARIES—ANNUAL STATISTICS

In June annual report blanks were sent to all California libraries listed. Statistics from these annual reports are printed in this issue. Except when otherwise noted, statistics are for the period from July 1, 1933, to June 30, 1934.

Branch library statistics are omitted under the names of the various branches. They are included, however, in the general figures given under the main library. On account of the above, high school, public and other libraries, which are affiliated with a county free library, show, as a rule, statistics for their own books only and not for county service.

In order to keep statistics given herein consistent with figures given by the State Department of Education, we have counted all districts in a union district as separate districts in "number of active school districts that have joined county libraries."

All libraries are listed except elementary public school and church libraries and those which belong to private individuals. They are arranged alphabetically by place under counties and counties are arranged alphabetically. To determine the county in which any place is located see list following these introductory paragraphs. This list includes locations of branch libraries, although the branches are listed only under the main library.

Those libraries are marked with an asterisk (*) which are not free to the public for either loan or reference purposes.

The following libraries marked with ‡ are U. S. Depository Libraries:

Alturas, Modoc County Library
 Berkeley, University of California Library
 Claremont, Pomona College Library
 Eureka, Free Library
 Fresno, Fresno County Library
 Long Beach, Public Library
 Los Angeles, Public Library, University of California at Los Angeles Library,
 University of Southern California Library
 Oakland, Free Library
 Riverside, Public Library
 Sacramento, California State Library,

City Free Library

San Diego, Public Library
 San Francisco, Mechanics Mercantile Library, Public Library
 Santa Rosa, Free Public Library
 Stanford University, Stanford University Library

Stockton, Free Public Library
 The following libraries marked with a ‡ are Library of Congress card depositories:

Berkeley, University of California Library
 Los Angeles, Public Library, University of California at Los Angeles Library
 Sacramento, California State Library
 Stanford University, Stanford University Library

When a branch has a reading room, it is indicated by r. r. in the list of branches under county free library.

The months after newspaper clippings are abbreviated as follows:

January Ja
 February F
 March Mr
 April Ap
 May My
 June Je
 July Jl

August Ag
 September S
 October O
 November N
 December D

In order that the figures for circulation may be uniform, current magazines are included in the total whether reported that way or not.

An effort is made to have the statistics uniform in reference to number of branches. Any distributing point through which service is given directly from headquarters is counted as a branch. For example, in a school with several classrooms, if service is given directly to each classroom separately, each room served is counted as a branch. If a school district has joined and both school and community service are given from one location, such service is counted as two branches.

Under county libraries statistics "school enrollment" or "average daily attendance" has been given in an attempt to show more accurately the number of users of the library. Similarly in an effort to make the circulation as given more nearly correct, some county libraries count the use of supplementary books. Where this has been done, the figures have been given with an explanation of how the circulation has been kept or estimated.

There are in California 46 county free libraries; 6 library district libraries; 4 union high school district libraries; 146 libraries supported by city taxation; 61 towns or districts with free public libraries that are included in county free library service (28 under Sec. 3, 7 under Sec. 4, 14 under Sec. 16, 12 under Pol. C., Sec. 4041); 67 law libraries, of which 56 are county law libraries; 58 county teachers' libraries; 443 libraries in educational institutions, of which 5 are universities, 12 colleges, 7 State teachers colleges, 363 public high schools and junior colleges, 56 private schools and other institutions; 72 miscellaneous institution libraries; 51 association or society libraries and 17 subscription libraries. In connection with the above libraries are 4406 branches and deposit stations.

There are 335 library buildings, of which 179 were gifts, and of these gifts 142 are from Andrew Carnegie.

As the libraries are listed under counties, the following alphabetical list by place, giving county, is printed. List includes places mentioned under County Free Libraries as having branches:

The Lancaster Branch building was built and is owned jointly by Los Angeles Co. Free Library and the Justice Court of Lancaster. The Inglewood Public Library Building, erected at a cost of \$10,000, is a Carnegie gift and was presented to Inglewood in 1917. The \$25,000 Claremont Branch building erected on a lot given by Mrs. Helen Rennick, was built by a local bond issue in the summer of 1928. The \$40,000 Bruggemeyer Memorial Library building at Monterey Park was presented to the City of Monterey Park by Judge Mancha Bruggemeyer, March 28, 1929. The \$30,000 Montebello Library building, owned by the municipality, was erected by a bond issue. Palos Verdes Branch is located in \$60,000 library building erected by Palos Verdes Library District.

During the year plans were submitted to the Federal government requesting aid for the new building proposed for the Lancaster Regional Library and a grant of \$2300 has been allowed, but the work has not yet been started. An unsuccessful attempt was made to secure Federal aid for the restoration of the municipally owned library building at Compton, destroyed by the earthquake of March 10, 1933. Success met the efforts made for Federal aid in the rebuilding of the Inglewood Library. A grant of \$9000 was allowed; this building will be ready for occupancy about December 1. The floor space and book capacity will be nearly double that of the former building, damaged by the earthquake of March 10, 1933.

EMPLOYMENT BUREAU

The State Library registers all library workers in California who are looking for positions and all from outside the State who wish to come here. Also it will be glad to know of libraries that want head librarians or assistants in any branch of their work. In writing for recommendations, libraries are urged to be as specific as possible, especially in regard to time positions must be filled and salary offered. A librarian who wishes to be dropped from the Employment Bureau list and a library that fills a position for which it has asked a recommendation will help the work greatly by notifying the State Library at once. For further information, write to the State Library, Sacramento, California.

JENNIE HERRMAN

Before this number of *News Notes of California Libraries* went to press, we received word of the death of Jennie Herrman in Santa Cruz on October 22. In 1908 she came to California from Ohio, where she had been on the staff of the Ohio State Library. In California she soon took a leading part in the county library movement and was the first librarian of the Tulare County Library, serving from June, 1910, to Jan., 1913. She then became librarian of the newly established San Diego County Library, holding that position until September, 1920. In 1927 she was granted a county librarian's life certificate.

Jennie Herrman did outstanding pioneer work in the county library field and her service will always be gratefully remembered by those who knew her and those who profited by her intelligent and devoted interest in library development.

PRINTS SECTION

BERTHA S. TAYLOR, Librarian.

The Prints Section has been established only since the new State Library building was occupied in August, 1928. In it are kept the prints acquired by the State Library for several years past and now for the first time suitably housed and displayed. In display cases can be shown about fifty prints at a time and exhibits are constantly maintained. Visitors are invited.

In July three prints by Gene Kloss were received from the Thirteenth Regional Committee, Public Works of Art Projects, Santa Fe, New Mexico, on deposit. These prints have been catalogued as usual, but since the title remains with the Government they have not been accessioned and included in the total number of prints belonging to the Library.

There were 855 visitors in the Prints Room during this quarter. Exhibits have been as follows: July, etchings of skyscrapers and other architectural subjects

by Anton Schutz of New York; August, Children of Many Nations, from the State Library collection, prints by various artists and of various periods and types. This exhibit was held over through September.

BOOKS FOR THE BLIND SECTION

MABEL R. GILLIS, in charge.

Embossed books in the various types are sent to any blind resident of California upon application. Circular and finding list with Call slip postal, will be sent on request. Writing appliances and games for the blind are loaned as samples to those wishing to buy such articles, so that the different kinds can be tried before they are ordered. Addresses of firms supplying all articles loaned will be furnished on request.

Books sent to individuals from an institution distributing embossed literature are carried free through the mails.

A catalog of all books in Moon type in the Library up to October 1, 1926, and one including all books in Braille up to April 1, 1927, will be sent to anyone requesting it. News Notes, reprinted from *News Notes of California Libraries*, carrying a list of additions to the Library each quarter, is sent to each blind reader.

The State Library will be glad to have borrowers who care to do so write any letters or requests for books to the Library in Braille or New York point.

Attention of the borrowers is drawn to the fact that books for return to the Library should always be placed inside mail boxes and not left on top of them.

Again we request borrowers not to send post card receipts or requests to the Library inside of books. When books are returned they often go out very quickly again and the pages are not opened up one by one. Therefore, a request sent in that way can very easily be lost for many months. The post cards should be sent in the mail separately.

Borrowers are requested neither to turn down the corners of pages nor to fold over the page. Places should be kept by some sort of book-mark.

Books may be kept one month. At the end of that period they will be renewed on request unless the demand for them is so great that renewal is not feasible.

At the 1931 session of Congress an annual appropriation of \$100,000 was made for providing books for adult blind. This work is handled by the Library of Congress with the books printed at or purchased from various printing houses. The California State Library has been designated as one of the centers to receive the books printed from this appropriation. Many titles have been received and are reported currently in the list of books

QUARTERLY NOTES

Miss Gillis went to San Francisco October 5 to be present at the luncheon of the C. L. A. Executive Committee. On October 23 she made a talk about the State Library at a meeting of the staff of the Sacramento Public Library and later the same day attended a meeting of the California Historical Society in San Francisco. On October 26 Miss Gillis, Miss Hitt and Mrs. Henshall went to the meeting of the Second District of the C. L. A. at Martinez. Miss Gillis was in the southern part of the State from October 30 to November 4. On November 2 she spoke at the Braille Club in Los Angeles. On Saturday she was a luncheon speaker at the Sixth District meeting of the California Library Association at Ventura and on Sunday attended a meeting of the C. L. A. Committee on Library Standards. The afternoon of November 14 she spoke before the Wednesday Club of Suisun and on November 15 spoke at a meeting of the C. C. C. educational advisers in Sacramento. On November 17 she was on the

program of the Eighth District meeting in Marysville. On November 21 Miss Gillis spoke at a meeting of the Women's Club of Williams and on December 1 she was guest speaker of the Modesto Chapter of the American Association of University Women. On December 11 she went to Merced where she visited libraries and spoke before the Merced Rotary Club on December 12.

On October 5 Miss Hitt presided at the meeting of the Executive Committee of the California Library Association at the Sir Francis Drake in San Francisco and on October 6 attended a meeting of the Northern Section of the C. L. A. Co-operative Committee on Children's Literature and the Effective Use of Library Materials. She spoke on the work of the Association at the Sixth District meeting in Ventura on November 3 and met with the Committee on Library Standards in Los Angeles on the fourth. She spoke on Association matters at the meeting of the Eighth District in Marysville on November 17. Mrs. Henshall and Miss Mumm also attended this district meeting.

During the quarter the staff extended sympathy to three members who suffered the loss of close relatives. On October 19 Coral, the twelve year old daughter of Mr. Misfeldt, died after a brief illness. October 23 Mrs. Twaddle's sister, Mrs. Jennie Herrman, died in Santa Cruz. Mrs. Herrman was a former county librarian and was at one time an organizer for the State Library. On Christmas morning Miss Alice Foley, sister of Miss Kate Foley, died in San Francisco after an illness of several months.

On January 1 several changes occurred on the staff. Clifford Berg commenced work as mail clerk in place of Margaret Nix who resigned to be married, and John Steely succeeded Clifford as library page. Mrs. Mary Graham who had been acting as newspaper index librarian left at the end of the year when Mrs. Twaddle returned from her leave of absence.

During the quarter the staff contributed \$406.50 to the Community Chest and forty-four members enrolled in the Red Cross. On November 14 several members attended open house at the city library and Mrs. Buhler represented the State

Library on the reception committee. December 4 Miss Gillis, Miss Hitt, Miss Mumm, Miss Smith and Mrs. Morris met with several other librarians to discuss the formation of the Sacramento Library Club.

The annual Christmas party was held at the William Land Club House on December 19. The supper, the decorations and the entertainment were all in charge of a committee consisting of Wyman Pease, Leslie Eales, Harold Carlson, and William Calvert, with William Simmons as chairman. Staff officers for the new year are President, Caroline Wenzel; Vice President, Margaret Dennison; Secretary Treasurer, Forrest Stead; Executive Council members, Irma Schoepflin and Elinor Jane Bauman. The Book Review Section held several meetings during the quarter. October 8 Miss Helen Smith talked about some current fiction. On October 22 Mrs. Grace Clark Pierce reviewed Edwin Arlington Robinson's allegorical poem *Amarath*. On November 5 Miss Bertha Dubinski from the Sacramento City Library reviewed *Lust for Life* by Irving Stone. November 21 Miss Hitt reviewed three recent novels and December 3 Miss Gillis spoke of the *Julia Newberry Diary*.

The State Library received two unusual gifts during the quarter. The Lions Club of Sacramento presented \$20 for the purchase of a Talking Book machine which is now in use in the Books for the Blind Section. The newest gift of Mr. Lloyd M. Robbins received in November consists of the twenty-four dynastic histories of China, a notable item in the Chinese language. The set is at present in Miss Gillis' office in the colorful boxes in which it came from China.

During the session of the Legislature the Law and Legislative Reference Section will remain open until six o'clock every week day. Reference, Loan Desk, California and Documents Sections will also remain open on Saturday afternoons until five o'clock.

The S. E. R. A. project which was suspended last August was resumed October 29 with two full time professional workers as well as a quota of nonprofessional and clerical help.

LAW AND LEGISLATIVE REFERENCE SECTION

HERBERT V. CLAYTON, Supervising Librarian.

The Law and Legislative Reference Section is fully equipped with the latest reports, digests, encyclopedias and textbooks, the statutes of other states, the United States, Great Britain, Canada, Australia and certain other foreign countries and briefs of counsel in cases decided in the California Supreme and Appellate courts. State officers are entitled to borrow books and private individuals are accorded the same privilege upon presentation of a request signed by a Supreme, Appellate or Superior Judge, or other State officer. Books may be kept three weeks, and will be once renewed for two weeks. All books are subject to recall, if required by a State officer, or if, in the opinion of the Librarian, a recall is fair and expedient.

In addition to special service to members of the Legislature, information on the laws of California and other states and countries is given on inquiry from libraries and individuals.

Recent accessions to the section will be found listed under the heading "Law" in the section on "Recent Accessions."

REFERENCE SECTION

BEULAH MUMM, Supervising Librarian.

The Reference Section furnishes information to any inquirer. It furnishes books to public libraries on request of the librarian, and to any other educational institution on request of its official head or its librarian; to individuals through the signature of a State officer, of the librarian of the school library or of the official head of any other educational institution or on receipt of a \$5.00 deposit; to a club on request of its president, secretary or librarian.

An inventory of the State Library collection is now being taken by SERA workers. The bulk of the work is in the hands of a professional librarian, Mrs. Rosa Nicol, a graduate of the University of California School of Librarianship. She is assisted by a young woman who has had a considerable amount of varied library experience. Before the work began it was estimated that it would require about six months to complete the task. Developments indicate that this estimate was correct. The inventory does not include the law and documents sections. The work was started October 29, 1934.

ORDER SECTION

MYETLE RUHL, Supervising Librarian.

During October, November and December, 1270 books, 2 prints and 225 photographs were accessioned.

CALIFORNIA SECTION

CAROLINE WENZEL, Supervising Librarian.

The California Section aims to have a thoroughly good collection of books on the history and description, resources and industries of the State, as well as the works of California authors in all departments of literature. These are made accessible by means of a card catalog. Full names and biographical sketches of California authors, artists, musicians, pioneers and early settlers are being secured, together with their photographs. The collection of bound periodicals is quite large. The section also contains over 13,000 bound volumes of newspapers, a file of which is being indexed with reference to the history of the State. Students will be assisted in their work.

PRINTS SECTION

BERTHA S. TAYLOR, Librarian.

The Prints Section has been established only since the new State Library building was occupied in August, 1928. In it are kept the prints acquired by the State Library for several years past and now for the first time suitably housed and displayed. In display cases can be shown about fifty prints at a time and exhibits are constantly maintained. Visitors are invited.

Two prints were added during this quarter making the total 3180. Work

* Native Californian:

was done on some more of our Mexican prints, many having been cleaned and mounted recently. These have not yet been cataloged and are therefore not included in our total.

There were 872 visitors in the Prints Room during the quarter. Exhibits have been as follows: In October examples of Polish graphic art, loaned by the Polish Institute of Art and Letters; November, Chinese paintings from the collection of Dr. William B. Pettus, president of California College in China; December, the annual exhibit of the Print Makers Society of California.

BOOKS FOR THE BLIND SECTION

MABEL R. GILLIS, in charge.

Embossed books in the various types are sent to any blind resident of California upon application. Circular and finding list with Call slip postal, will be sent on request. Writing appliances and games for the blind are loaned as samples to those wishing to buy such articles, so that the different kinds can be tried before they are ordered. Addresses of firms supplying all articles loaned will be furnished on request.

Books sent to individuals from an institution distributing embossed literature are carried free through the mails.

A catalog of all books in Moon type in the Library up to October 1, 1926, and one including all books in Braille up to April 1, 1927, will be sent to anyone requesting it. News Notes, reprinted from *News Notes of California Libraries*, carrying a list of additions to the Library each quarter, is sent to each blind reader.

The State Library will be glad to have borrowers who care to do so write any letters or requests for books to the Library in Braille or New York point.

Attention of the borrowers is drawn to the fact that books for return to the Library should always be placed inside mail boxes and not left on top of them.

Again we request borrowers not to send post card receipts or requests to the Library inside of books. When books are returned they often go out very quickly again and the pages are not opened up one by one. Therefore, a request sent in that way can very easily be lost for many months. The post cards should be sent in the mail separately.

Borrowers are requested neither to turn down the corners of pages nor to fold over the page. Places should be kept by some sort of book-mark.

Books may be kept one month. At the end of that period they will be renewed

on request unless the demand for them is so great that renewal is not feasible.

At the 1931 session of Congress an annual appropriation of \$100,000 was made for providing books for adult blind. This work is handled by the Library of Congress with the books printed at or purchased from various printing houses. The California State Library has been designated as one of the centers to receive the books printed from this appropriation. Many titles have been received and are reported currently in the list of books added with the note that they are provided by the United States government through the Library of Congress. Talking books are now also provided from this appropriation. See page 39.

The first book was loaned June 13, 1905. There are now 3472 blind borrowers, 39 borrowers having been added during October, November and December. During the quarter Miss Foley and Miss Morrison spent 407 hours on correspondence and preparing lessons. They wrote 461 letters and 213 postals and received 313 letters and 104 postals. They also answered and made 531 telephone calls. They made 1 address. Miss Foley, as usual, taught the writing of Braille to classes of seeing people in Oakland, in Alameda and in San Francisco. QUARTERLY NOTES

Miss Gillis was elected by the Executive Board of the American Library Association as one of the official delegates to the Second International Library and Bibliographical Congress in Spain May 20-29, 1935. Unfortunately she will be unable to attend the Congress because of the fact that meetings of the California Library Association and of the National Association of State Libraries are scheduled for June.

During the quarter Miss Gillis spoke at D. A. R. meetings in Berkeley on January 11 and in Los Angeles on February 19. On February 20 she spoke at the Dixon Women's Club and on February 22 at the opening of the Monte Vista Branch of the Solano County Library at Vallejo. She spoke also at the meetings of the Fifth District of the California Library Association in Lodi on February 9 and the First District at Stanford University on March 30.

During the quarter Miss Hitt spoke at four district meetings: the Fifth District in Lodi on February 9; the Fourth District in Fresno on February 27; the Seventh District in Eureka on March 2; and the First District at Stanford University on March 30. From January 18 to 22 she transacted business of the State

Library and of the California Library Association in and around Los Angeles. From February 2 to 5 she worked on library matters in the Bay region. On March 6 and 7 she was in Oakland assisting with the oral examinations given for professional positions in the Oakland Free Library.

Besides Miss Gillis and Miss Hitt the following members of the staff attended the Fifth District meeting: Mrs. Henshall, Miss Wenzel, Miss Tilden, Miss Look, Mrs. Morris, Mrs. Waldron, Miss Shadle, Miss Lyndall Harmon, and Miss Sherwood. Miss Mumm also attended the Seventh District meeting.

On January 27 Jack Sullivan began work as library page succeeding Harold Carlson who resigned to accept a position with the Personnel Board. On January 4 Miss Gillis called a staff meeting to speak about various problems connected with the legislative session.

The following staff members have been appointed by the Executive Committee to serve during 1935:

Properties: Mrs. Gladys Richards, Chairman, Miss Lyndall Harmon, William Simmons.

Service: Mrs. Edith Morris, Chairman, Miss Nancy Anderson, William Calvert.

The Book Review Section held regular meetings during the quarter. On January 30 Miss Grace Murray reviewed *The Forty Days of Musa Dagb* by Franz Werfel, and *Mary Poppins* by P. L. Travers. On February 13 Miss Essie Phillips talked about James Hilton and his novels. On March 13 Miss Sara Ashby reviewed H. G. Wells' *Experiment in Autobiography*, and on April 3 Mrs. Gertrude Harvie reviewed Thomas Wolfe's last book, *Of Time and the River*. On March 15 Miss Bertha Taylor was appointed chairman of the Stamps Section. The State Library staff was well represented at a dinner meeting of librarians held at Wilson's restaurant January 25. This meeting was planned as the first of several informal gatherings, the idea of which is a better acquaintance among those in library work in Sacramento. Miss Jewel Gardiner presided and Mrs. Ruth Comfort Mitchell gave a delightful talk concerning the writing of her series of novelettes entitled *Old San Francisco*. Ernest R. Pitt, Chief Li-

brarian, Public Library of Victoria, Melbourne, Australia, spent April 2 at the State Library gathering information concerning the library system of California.

Books may be kept three weeks, and will be once renewed for two weeks. All books are subject to recall, if required by a State officer, or if, in the opinion of the Librarian, a recall is fair and expedient.

The California Section aims to have a thoroughly good collection of books on the history and description, resources and industries of the State, as well as the works of California authors in all departments of literature. These are made accessible by means of a card catalog. Full names and biographical sketches of California authors, artists, musicians, pioneers and early settlers are being secured, together with their photographs. The collection of bound periodicals is quite large. The section also contains over 13,000 bound volumes of newspapers, a file of which is being indexed with reference to the history of the State. Students will be assisted in their work.

PRINTS SECTION

BERTHA S. TAYLOR, Librarian.

The Prints Section has been established only since the new State Library building was occupied in August, 1928. In it are kept the prints acquired by the State Library for several years past and now for the first time suitably housed and displayed. In display cases can be shown about fifty prints at a time and exhibits are constantly maintained. Visitors are invited.

Ninety prints (89 of the Mexican collection) were cataloged this quarter making the total prints 3270.

There were 1182 visitors in the Prints Room during the quarter. In January the exhibit was from the California Society of Etchers; in February Hiroshige prints from the collection of Judson C. Metzgar were shown; in March the Fifty Prints of the Year were exhibited. This last exhibit was sponsored by the American Art Dealers Association and selected by the American Institute of Graphic Arts.

BOOKS FOR THE BLIND SECTION

MABEL R. GILLIS, in charge.

Embossed books in the various types are sent to any blind resident of California upon application. Circular and finding lists with Call slip postal, will be sent on request. Writing appliances and games for the blind are loaned as samples to those wishing to buy such articles, so that the different kinds can be tried before they are ordered. Addresses of firms supplying all articles loaned will be furnished on request.

Books sent to individuals from an institution distributing embossed literature are carried free through the mails.

A catalog of all books in Moon type in the Library up to October 1, 1926, and one including all books in Braille up to April 1, 1927, will be sent to anyone requesting it. News Notes, reprinted from *News Notes of California Libraries*, carrying a list of additions to the Library each quarter, is sent to each blind reader.

The State Library will be glad to have borrowers who care to do so write any letters or requests for books to the Library in Braille or New York point.

Attention of the borrowers is drawn to the fact that books for return to the Library should always be placed inside mail boxes and not left on top of them.

Again we request borrowers not to send post card receipts or requests to the Library inside of books. When books are returned they often go out very quickly again and the pages are not opened up one by one. Therefore, a request sent in that way can very easily be lost for many months. The post cards should be sent in the mail separately.

Borrowers are requested neither to turn down the corners of pages nor to fold over the page. Places should be kept by some sort of book-mark.

Books may be kept one month. At the end of that period they will be renewed on request unless the demand for them is so great that renewal is not feasible.

At the 1931 session of Congress an annual appropriation of \$100,000 was made for providing books for adult blind. This work is handled by the Library of Congress with the books printed at or purchased from various printing houses. The California State Library has been designated as one of the centers to receive the books printed from this appropriation. Many titles have been received and are reported currently in the list of books added with the note that they are provided by the United States government through the Library of Congress. Talking books are now also provided from this appropriation. See page 78.

The first book was loaned June 13, 1905. There are now 3528 blind borrowers, 56 borrowers having been added during January, February and March. QUARTERLY NOTES

Miss Gillis left Sacramento April 12 to spend a week in the southern part of the state. She conducted county library examinations in Los Angeles, visited the Orange County Library and arranged for the installation of the library exhibit in the Palace of Education at the San Diego Fair. On April 22 Miss Gillis was guest speaker at the luncheon meeting of the Sacramento Chapter of the D. A. R. After the meeting the members of the Chapter with some of their guests from near-by towns made a tour of the State Library. Miss Gillis visited Napa County Library on May 22 and on May 27 and 28 she was in San Luis Obispo County visiting libraries. In Sacramento on June 3 she conducted county library examinations and on June 4 and 5 presided at the annual convention of county librarians. On June 19 Miss Gillis left Sacramento for the meetings of the American Library Association and the National Association of State Libraries at Denver. She spent Friday June 21 at Greeley, Colorado, where the State Teachers College conducted a conference on the problems of school libraries. She was a member of the panel which led the discussion. From June 24 to 29 Miss Gillis was in

charge of the meeting of the National Association of State Libraries of which she was president and attended the council meetings and several sessions of the American Library Association.

Miss Hitt was in San Francisco May 4 attending a committee meeting of the California Library Association, and spent several days beginning May 10 in and about Los Angeles on State Library and Association business. From June 5 to 8 Miss Hitt as president was in charge of the annual meeting of the California Library Association in Sacramento.

On June 20 Miss Foley left for Louisville, Kentucky, to attend the meeting of the American Association of Workers for the Blind and of the Uniform Type Commission of which she is chairman.

There have been a number of changes on the staff during the quarter. On May 31 Leslie Eales resigned to work in a pharmacy in Truckee. William Calvert was promoted from the position of Library Page in Government Documents Section to the vacancy in the Shipping Department. John Sullivan was transferred from general page duty to the Government Documents Section and George Fay was appointed on June 4 as Library Page. He resigned on June 25. On June 15 Clifford Berg left the State Library service and went to work for the Board of Equalization. Mrs. Maxine Tuttle was appointed in his place and holds the position of Junior Messenger in the office. On June 22 Mrs. Helen Ristow resigned as Junior Library Aid to accept a position as Intermediate File Clerk in the Board of Equalization. Elinor Jane Bauman was transferred from the Shipping Room to the charging desk and Grace Perkins began work in Miss Bauman's place on June 25. Mrs. Hilda Corlett was employed as temporary typist during the month of May. Leslie Kay was appointed for a month's work as janitor on June 24 as substitute for Jacob Misfeldt who is on sick leave. On June 24 the Personnel Board abolished the position of Library Page, changing the title of all who held that position to Junior Messenger. April 1 Miss Evelyn Peat replaced Mrs. Rosa Nicol on the SERA inventory project. Mrs. Nicol had been working on this since October

29, 1934. After two weeks work Miss Peat was appointed to a position in Napa County Library and on April 18 Miss Margaret Lee Keith was assigned to complete the inventory project. This was accomplished on June eighth.

The Book Review Section held two meetings in April. The first one was reported in *News Notes of California Libraries* for April. The second one was held on April 17. Miss Ida Belle Craig, School Librarian at Kit Carson Junior High School, reviewed *Psychology and life* by L. D. Weatherhead. Because the staff participated so actively in the various features of the C. L. A. convention it was decided to omit the annual staff picnic this summer. Members of the staff attended two meetings of the Sacramento Library Club during April. At the first one held at Wilson's April 18 Mr. Geoffrey Morgan, a member of the Assembly, described entertainingly a motor tour through England. On the evening of May 10 the club held a dinner at the Elks Club. Afterward in the auditorium Mr. William Webster Ellsworth of New York gave a lecture on Mark Twain illustrated by stereopticon views, many of them in color. William Simmons was State Library representative in the Boy Scout campaign held in May. At the June 17 meeting of the Women's State Employees Luncheon Club Miss Tilden was installed as president and Miss Look as vice president.

On April 17 the 1935 class of the School of Librarianship, University of California, spent the afternoon in the State Library. The class was in charge of Miss Katherine Anderson, a member of the faculty, and the students were conducted through the various sections of the library by Mrs. Henshall.

together with their photographs. The collection of bound periodicals is quite large. The section also contains over 14,000 bound volumes of newspapers, a file of which is being indexed with reference to the history of the State. Students will be assisted in their work.

PRINTS SECTION

BERTHA S. TAYLOR, Librarian.

The Prints Section has been established only since the new State Library building was occupied in August, 1928. In it are kept the prints acquired by the State Library for several years past and now for the first time suitably housed and displayed. In display cases can be shown about fifty prints at a time and exhibits

are constantly maintained. Visitors are invited.

One hundred and forty prints, completing the Mexican collection, were cataloged this quarter making the total prints 3410.

In April the exhibit was a Photographic Survey of Historic Buildings of Northern California, loaned by the Wells Fargo Bank and United Trust Company of San Francisco. During May and June a collection of Chinese textiles and embroideries, including a number of valuable imperial robes, was displayed through the kindness of Mr. William E. Colby of San Francisco, the owner. This exhibit attracted the largest number ever to visit the prints room in any one month, the attendance for May being 1208. The combined attendance for May and June was 1996 and for the quarter 2474.

BOOKS FOR THE BLIND SECTION

MABEL R. GILLIS, in charge.

Embossed books in the various types are sent to any blind resident of California upon application. Circular and finding lists with Call slip postal, will be sent on request. Writing appliances and games for the blind are loaned as samples to those wishing to buy such articles, so that the different kinds can be tried before they are ordered. Addresses of firms supplying all articles loaned will be furnished on request.

Books sent to individuals from an institution distributing embossed literature are carried free through the mails.

A catalog of all books in Moon type in the Library up to October 1, 1926, and one including all books in Braille up to April 1, 1927, will be sent to anyone requesting it. News Notes, reprinted from *News Notes of California Libraries*, carrying a list of additions to the Library each quarter, is sent to each blind reader.

The State Library will be glad to have borrowers who care to do so write any letters or requests for books to the Library in Braille or New York point.

Attention of the borrowers is drawn to the fact that books for return to the Library should always be placed inside mail boxes and not left on top of them.

Again we request borrowers not to send post card receipts or requests to the Library inside of books. When books are returned they often go out very quickly again and the pages are not opened up one by one. Therefore, a request sent in that way can very easily be lost for many months. The post cards should be sent in the mail separately.

Borrowers are requested neither to turn down the corners of pages nor to fold over the page. Places should be kept by some sort of book-mark.

Books may be kept one month. At the end of that period they will be renewed on request unless the demand for them is so great that renewal is not feasible.

At the 1931 session of Congress an annual appropriation of \$100,000 was made for providing books for adult blind. This work is handled by the Library of Congress with the books printed at or purchased from various printing houses. The California State Library has been designated as one of the centers to receive the books printed from this appropriation. Many titles have been received and are reported currently in the list of books added with the note that they are provided by the United States government through the Library of Congress. Talking books are now also provided from this appropriation. See page 118.

The first book was loaned June 13, 1905. There are now 3532 blind borrowers, 49 borrowers having been added during April, May and June and 45 borrowers lost by death from July 1, 1934, to June 30, 1935. Total accessions are 38,729, as follows: New York point books 2989; New York point music 188; American Braille books 3146; American Braille music 1289; European Braille books 4720; European Braille music 330; Esperanto Braille books 3; Moon books 8942; Moon music 5; Revised Braille books 15,663; Revised Braille music 369; Standard dot books 14; Line books 193; Line music 21; Ink Print books 677; *Appliances 87; *Games 58; Maps 35. CALIFORNIA LIBRARIES—ANNUAL STATISTICS

In June annual report blanks were sent to all California libraries listed. Statistics from these annual reports are printed in this issue. Except when otherwise noted, statistics are for the period from July 1, 1934, to June 30, 1935.

Branch library statistics are omitted under the names of the various branches. They are included, however, in the general figures given under the main library. On account of the above, high school, public and other libraries which are affiliated with a county free library show, as a rule, statistics for their own books only and not for county service.

In order to keep statistics given herein consistent with figures given by the State Department of Education, we have counted all districts in a union district as separate districts in "number of active school districts that have joined county libraries."

Population statistics, as of 1930, are given for all towns having municipal libraries.

In response to a demand for statistics regarding juvenile collections, we are adding this year such figures as could be collected from records already kept by many of the libraries. The plan is to have such figures for all municipal libraries in next year's statistics number of this publication.

All libraries are listed except elementary public school and church libraries and those which belong to private individuals. They are arranged alphabetically by place under counties and counties are arranged alphabetically. To determine the county in which any place is located see list following these introductory paragraphs. This list includes locations of branch libraries, although the branches are listed only under the main library.

Those libraries are marked with an asterisk (*) which are not free to the public for either loan or reference purposes.

The following libraries marked with ‡ are U. S. Depository Libraries:

Alturas, Modoc County Library
Berkeley, University of California Library
Claremont, Pomona College Library
Eureka, Free Library
Fresno, Fresno County Library
Long Beach, Public Library
Los Angeles, Public Library, University of California at Los Angeles Library,

University of Southern California Library
Oakland, Free Library
Riverside, Public Library
Sacramento, California State Library,
City Free Library
San Diego, Public Library
San Francisco, Mechanics Mercantile Library, Public Library
Santa Rosa, Free Public Library
Stanford University, Stanford University Library

Stockton, Free Public Library

The following libraries marked with a # are Library of Congress card depositories:

Berkeley, University of California Library
Los Angeles, Public Library, University of California at Los Angeles Library
Sacramento, California State Library
Stanford University, Stanford University Library

When a branch has a reading room, it is indicated by r. r. in the list of branches under county free library.

The months after newspaper clippings are abbreviated as follows:

- January Ja
- February F
- March Mr
- April Ap
- May My
- June Je
- July Jl
- August Ag
- September S
- October O
- November N
- December D

In order that the figures for circulation may be uniform, current magazines are included in the total whether reported that way or not.

An effort is made to have the statistics uniform in reference to number of branches. Any distributing point through which service is given directly from headquarters is counted as a branch. For example, in a school with several classrooms, if service is given directly to each classroom separately, each room served is counted as a branch. If a school district has joined and both school and community service are given from one location, such service is counted as two branches.

Under county libraries statistics "school enrollment" or "average daily attendance" has been given in an attempt to show more accurately the number of users of the library. Similarly, in an effort to make the circulation as given more nearly correct, some county libraries count the use of supplementary books. Where this has been done, the figures have been given with an explanation of how the circulation has been kept or estimated.

There are in California 46 county free libraries; 6 library district libraries; 4 union high school district libraries; 146 libraries supported by city taxation; 62 towns or districts with free public libraries that are included in county free library service (28 under Sec. 3, 7 under Sec. 4, 15 under Sec. 16, 12 under Pol. C., Sec. 4041.18); 68 law libraries, of which 56 are county law libraries; 58 county teachers' libraries; 446 libraries in educational institutions, of which 5 are universities, 12 colleges, 7 State teachers colleges, 365 public high schools and junior colleges, 57 private schools and other in-

stitutions; 76 miscellaneous institution libraries; 52 association or society libraries; and 16 subscription libraries. In connection with the above libraries are 4398 branches and deposit stations.

There are 335 library buildings, of which 182 were gifts, and of these gifts 142 are from Andrew Carnegie.

As the libraries are listed under counties, the following alphabetical list by place, giving county, is printed. List includes places mentioned under County Free Libraries as having branches:

EMPLOYMENT REGISTRATION

The State Library registers all library workers in California who are looking for positions and also accepts applications from outside the State. The State Library will be glad to know of libraries that want head librarians or assistants in any branch of their work. In writing for recommendations, libraries are urged to be as specific as possible, especially in regard to time positions must be filled and salary offered. A librarian who wishes to be dropped from the Employment Registration list and a library that fills a position for which it has asked a recommendation will help the work greatly by notifying the State Library at once. QUARTERLY NOTES

Miss Gillis spoke at a meeting of the Business Women's group of the Fremont Presbyterian Church, Sacramento, on September 16 on the services of the State Library, emphasizing the California Section, Prints Section and work with the blind. She was in San Francisco and the Bay region from September 23 to 25 and attended the meeting of the Affiliated Librarians Group of the League of California Municipalities in San Francisco on the 24th. On Saturday, September 28, Miss Gillis and Miss Foley attended in Berkeley a meeting of representatives from all state departments concerned with work with the blind. Miss Hitt was in Los Angeles from September 27 to 29 attending the meeting of the Executive Committee of the California Library Association on Friday and a meeting of the Cooperative Committee on the Relationship of Libraries and Schools on Sunday.

Miss Blanche Shadle resigned on August 26. Miss Grace Murray was given temporary appointment as Editorial Librarian pending the results of a civil service examination held on September 21. Miss Dorothy Felter was appointed September 3 as Junior Librarian in the Order Section, succeeding Mrs. Edith Morris, resigned. Leslie Kay continued work as extra temporary janitor during July and August. Mrs. Vera Frank sub-

stituted as stenographer during Mrs. Duggins' vacation in August. September 25 Mrs. Audrey Brown started temporary work as Junior Typist Clerk in the California Section. She is assisting in searching records for the use of old age pension applicants.

LIBRARY HOURS

Week days-----9 a.m. to 5 p.m.

The library closes at noon on Saturdays except during sessions of the Legislature.

BOOKS FOR THE BLIND SECTION

MABEL R. GILLIS, in charge.

Embossed books in the various types are sent to any blind resident of California upon application. Circular and finding lists with Call slip postal, will be sent on request. Writing appliances and games for the blind are loaned as samples to those wishing to buy such articles, so that the different kinds can be tried before they are ordered. Addresses of firms supplying all articles loaned will be furnished on request.

Books sent to individuals from an institution distributing embossed literature are carried free through the mails.

A catalog of all books in Moon type in the Library up to October 1, 1926, and one including all books in Braille up to April 1, 1927, will be sent to anyone requesting it. News Notes, reprinted from *News Notes of California Libraries*, carrying a list of additions to the Library each quarter, is sent to each blind reader.

The State Library will be glad to have borrowers who care to do so write any letters or requests for books to the Library in Braille or New York point.

Attention of the borrowers is drawn to the fact that books for return to the Library should always be placed inside mail boxes and not left on top of them.

Again we request borrowers not to send post card receipts or requests to the Library inside of books. When books are returned they often go out very quickly again and the pages are not opened up one by one. Therefore, a request sent in that way can very easily be lost for many

months. The post cards should be sent in the mail separately.

Borrowers are requested neither to turn down the corners of pages nor to fold over the page. Places should be kept by some sort of book-mark.

Books may be kept one month. At the end of that period they will be renewed on request unless the demand for them is so great that renewal is not feasible.

At the 1931 session of Congress an annual appropriation of \$100,000 was made for providing books for adult blind. In 1935 an additional \$75,000 was appropriated for talking books. This work is handled by the Library of Congress with the books printed at or purchased from various printing houses. The California State Library has been designated as one of the centers to receive the books printed from this appropriation. Many titles have been received and are reported currently in the list of books added with the note that they are provided by the United States government through the Library of Congress. See page 337.

The first book was loaned June 13, 1905. There are now 3565 blind borrowers, 33 borrowers having been added during July, August and September. Total accessions are 39,148, as follows: New York point books 2998; New York point music 188; American Braille books 3146; American Braille music 1289; European Braille books 4751; European Braille music 330; Esperanto Braille books 3; Moon books 9037; Moon music 5; Revised Braille books 15,920; Revised Braille music 390; Standard dot books 14; Line books 193; Line music 21; Ink Print books 683; *Appliances 87; *Games 58; Maps 35. Total talking books: 41 titles (320 records) and 110 duplicates (950 records). Total 1270.

Home Teaching Report for San Francisco and Bay Region, July 1, 1934-June 30, 1935

KATE M. FOLEY

As the time approaches for submitting the annual report, and the work of the past twelve months is reviewed, the record appears much the same as that of other years, with the same difficulty to find words which will convey the true significance and helpfulness of the State Library home teaching service to the adult blind of California.

Regular service has been maintained in San Francisco, Oakland, Berkeley, Alameda, San Leandro, Hayward, and occasional trips have been made to the Masonic Home, and to Burlingame, San Mateo, Redwood City, Palo Alto, Mayfield, Sunnyvale, Santa Clara and San Jose. Trips have also been made to San Quentin, Petaluma and Sacramento.

But the service is not confined to the above-mentioned places which are easily accessible. In order to reach all those who wish to learn to read raised type, and whom, on account of the expense of traveling, it is not possible to visit, a correspondence course has been arranged, and by this means the teacher is providing instruction to blind men and women in Turlock, Porterville, Fresno, Visalia, Santa Paula, Ventura, San Bernardino, and Calexico in the south, and in the north to Sonoma, Mendocino, Marysville and Eureka. The service is also extended to the states closest to us that have no libraries for the blind, and at present help is being given to persons in Nevada, Washington, Oregon, Idaho and Arizona. These correspondence pupils make very satisfactory progress, and many are now enjoying the privileges of the library who would otherwise spend very lonely hours. We are helping a young boy in Oregon for whom there is at present no room in that overcrowded state school, and several elderly women are now able to read the Bible in Moon type whose loss of eyesight made ink print reading prohibitive. We were privileged to help a man in one of Oregon's state hospitals, and were told that the help thus given was largely responsible for his restoration to a more normal mental condition. We also have a number of correspondence pupils in some of the county hospitals in California, and at Folsom prison. All this long distance teaching entails a great deal of correspondence, but we feel that the time is well spent and that our efforts are fully appreciated.

Regular weekly service is still given at the State Industrial Home for the Adult Blind, Oakland. There are a great many borrowers in the Home, and our weekly visits afford the inmates an opportunity to make verbal requests for books, instead of having to find someone to write for them. There are countless ways in which we are helpful, and we are proud of the eighteen years of regular service given to this institution. Frequently pupils from the bay region drop in, and many avail themselves of the opportunity to telephone the teacher during her hours at the Home. The telephone, one used by the inmates, is easily accessible to the

teacher, and this enables her to answer her own calls.

Frequent visits are made to the Laguna Honda Home in San Francisco, where there are a number of borrowers. It is an inspiration to visit these fine, courageous elderly people, and their spirit of mutual helpfulness is beautiful to see. We furnish needles and thread to one old man who sews on buttons and mends for others in his ward.

We still visit the sight saving classes in San Francisco, and continue to award prizes to the pupils who do most to avoid strain. They look forward to this annual event, and we like to feel that we have some part in saving their eyesight for work in later life.

This year talks have been given to the graduating nurses of Franklin, Stanford and U. C. hospitals, and to the graduating class of the pediatric section of the latter hospital. I am called to this hospital whenever blind babies or older children are there as patients. This is a wonderful bit of cooperation, since I am thus enabled to keep in touch with these cases when they have returned to their homes, making it possible to place them in school, or suggest important pre-school training.

In June, I attended the biennial convention of the American Association of Workers for the Blind, held this year in Louisville, Kentucky. During the convention, as chairman of the American Braille Commission, I submitted its report. The commission has rendered a great service in bringing about a closer cooperation between this country and England, and a more unified use of Braille contractions, and a stricter observance of rules and recommendations which, it is hoped, will result in greater facility in reading the many books now available on both sides of the water. During the convention I attended several round table discussions, and was able to make some helpful suggestions, and to frame a resolution asking the printing houses to put a greater number of short stories in simple Braille for beginners.

I still attend the monthly luncheons of those interested in work for the blind of San Francisco, and these meetings have brought about a closer cooperation and a

better understanding of mutual problems. Through the Edward F. Glaser Eye Fund, many deserving people have been supplied with glasses, and a keener interest has been awakened in the conservation of vision.

During the past year, the California Council for the Blind was organized. Its membership consists of all those working with and for the blind of the state. The State Library selected me as its representative, and I was appointed to serve on the committee on the prevention of blindness and conservation of vision.

The continued efforts of a group of volunteer women who transcribe books and articles into Braille have added many volumes to our library this year. They have transcribed a number of the late books of fiction so much in demand, and they are helping us to increase our collection of Californiana. Many of these women are busy people, who yet find time for this splendid phase of social service.

At this time I wish to pay tribute to the memory of my sister, Miss Alice Foley, who died last Christmas morning. In 1919, upon the death of our mother, my sister assumed the duties of guide and secretary, and continued in this capacity until a few months before her death. Her loss is irreparable to the home teacher, and many of the pupils still mourn the passing of a very helpful friend.

Once more it is my pleasure to acknowledge indebtedness to the following organizations and individuals for their interest, cooperation and encouragement, without which much that has made the work worth while would not have been accomplished. To the Welfare Departments of San Francisco and Santa Clara counties for their uniform courtesy and appreciation of our service; to Mrs. Emelie Sussman for her continued interest in the blind at the Laguna Honda Home, and others in need of the cheer and comfort she has continued to supply for the past thirteen years; to Mrs. Jewett W. Adams, for furnishing a reader for the blind at Laguna Honda, making it possible for them to have the daily papers read to them; to Mr. Harry Kahn and his Boy Scout Troop No. 82 for

providing Christmas baskets for a number of the blind, and for looking after the repairing of many radios; to Mrs. J. E. C. Munsell for supplying Braille periodicals to four of our readers; to Mrs. William Hoffman for bringing Thanksgiving cheer to two blind men who live alone; to Miss Elsa Einstein of Fresno, for a generous check to be used for needy blind; to Mr. William Birmingham of Oakland for painting and donating a number of white canes to encourage timid blind persons to take needed exercise alone; to the Emporium and Sherman, Clay and Company for donating radio sets to elderly blind people; to all those who have sent playing cards, stockings to be used for rugs, etc.; to Mrs. Alice B. Chase, past eighty, who, in addition to transcribing books, has marked over one thousand decks of playing cards with Braille characters, thus giving comfort and pleasure to a great many of the pupils, and making it possible for them to enjoy this pastime with their seeing friends; and to the many who have contributed in any way to the comfort and well being of our borrowers our grateful thanks are tendered.

Home Teaching Report for Los Angeles and Vicinity, July 1, 1934-June 30, 1935.

CATHARINE J. MORRISON

As the time approaches for the submission of another annual report, the home teacher looks back over the year to note the evidences of progress and the pupils and events worthy of record. Progress is indicated by the fact that a larger number of pupils have begun to study each month, resulting in an increase in the number of borrowers and a greater Library circulation. There are many pupils well worthy of honorable mention, and there are events and accomplishments which mark this year as an outstanding one in progress for the Blind.

The daily routine of traveling to the homes of the pupils, giving lessons in the Moon and Braille reading, calling upon the readers and assisting them in the selection of their books, writing letters of information, instruction and encouragement, preparing lessons and making a daily report, and manifold small duties and services have been followed with little interruption through the year.

In following this routine a large part of each day must be spent in traveling, but in no other way can home teaching be conducted. There are many pupils who have made the long and sometimes often repeated trips well worth while, not only because of the rapid progress made, but also because of the efforts put forth and the reward gained.

Five ladies in Long Beach and two pupils in Wilmington have made the regular visits there of permanent value, and the four trips to Glendora have brought reading to a man, who asked to learn "before the rainy weather set in." The Colton, Ontario, Uplands and Redlands trips have brought good results, and Santa Monica has been a fine field for library service. There have been good pupils in Pasadena, Baldwin Park, Santa Ana, Monrovia, Palms and Sierra Madre. Journeys about the big city of Los Angeles have been profitable to many, but space can be given to only a few. A lady of eighty-three, beginning in September, has learned with remarkable speed and put her knowledge into immediate practice by reading fifteen titles during the last nine months. Another lady, not

so old, but very doubtful of her ability to learn, is now a good reader of the Moon type and "well on her way" to learn Braille. Another lady, also beginning in September, has mastered both types and has become an active borrower.

Early in April a Mexican pupil of sixty-one began learning both Braille and English in order to read the United States Constitution for himself, so that he may complete his naturalization papers. He is working faithfully toward that end.

The three trips to San Diego, in October, February and June, have been unusually happy and worth while because of the diligent application on the part of several of the beginners. At least two pupils should be given mention, for one has worked against old age and the other almost total deafness. In the case of one, the family, and in the case of the other a friend, has been of invaluable help, for the lessons must be few and the rest of the instruction by correspondence. These ladies are finding the reward hoped for.

All these worth while pupils make the constantly increasing supply of books and magazines a very welcome and needed help; for that is what these books become in time to the beginners and are to the older readers. For this reason we are grateful for the government appropriation which brings up to date books and magazines so regularly from the Braille and Moon printing presses of the country. Also the hand copied books from the devoted Red Cross transcribers are needed and appreciated by all classes of readers, who are now reading the same books which other people enjoy.

Added to the raised type books the talking books have become a reality this year. Several blind people in southern California now own the machines, and receive the records free through the mails from the State Library, as they do the books. The records are becoming more numerous and varied, and these long time recordings, giving scripture, plays, history, poetry and fiction to the listeners promise much pleasure and profit.

The Los Angeles Public Library has purchased a machine for group reading, and the Santa Barbara Library, which has had a gift of three machines, has

gathered blind people together to listen to "As the Earth Turns" and other books. Four people there own machines. The Zonta Club of Pasadena has bought a machine to be loaned among the blind people of that city and the Southern California Association for the Blind has given one to a lady and assisted a man to purchase a machine on time.

A mention of the clubs for the Blind brings us to this part of the report, for the many organizations working for the welfare of the Blind in southern California are active and important factors. In many instances the regular meetings of the clubs are social events in themselves, and the clubs are responsible for most of the social life going on.

Besides helping in this way the four Braille Clubs look after their members, three of them having field workers who call upon the members, the newcomers and the newly blind, report their needs to the clubs, and the names of prospective pupils to the home teachers. The Long Beach Club is interested in the welfare of a little blind girl under the care of a member of the Humane Society; the Pasadena Club still sponsors the annual picnic which brings so many blind people together each year; and the Los Angeles Club maintains an annual Christmas fund. Perhaps the most outstanding service has been the maintenance of a store where articles made by the blind are sold, which has been carried on by the San Diego Braille Club for the last nineteen months. A small broom shop under the Department of Institutions and the Rehabilitation Division of the State Board of Education was started in February, and the Club is actively interested in this venture.

The Cheery Chase Club, now of nearly nine years' standing, brings its members together for fortnightly readings and other good times: and the monthly dinner and dance of the Good Samaritan Club grows each month in attendance and gives much pleasure.

There are other small organizations working for the welfare of the blind, but a word concerning the Southern California Association for the Blind, mentioned above, deserves space here. Besides aiding in the purchase of a talking book machine, two young blind women

have been assisted in buying Braille writers, and loans have been made. A radio has been placed and white canes purchased and distributed. An active interest was taken in all legislation for the welfare of the blind, and at present the organization is working to establish blind men in Post Office lobbies, where, by executive order they may operate news stands. Two men are already placed. I feel that a word of appreciation is due this Association for its ready response to meet the needs of those for whom I have asked help.

There are many agencies and friends to whom acknowledgment is due for courtesy and help in our Library service. The Los Angeles County Free Library, which has been our headquarters for all the years of my service, is still the meeting place the first Wednesday afternoon of each month, and the invariable kindness of the entire staff to all who come for instruction and information is worth much in carrying on.

Our friends at the Pomona, Chino, Redlands, San Diego, Santa Monica and Santa Barbara libraries stand ready to give us help and space at any time it is needed. Lessons have been conducted at the Watts and Santa Monica libraries during the year.

We are especially grateful to the San Diego County Librarians for their help in bringing a pupil from Bonsall, more than fifty miles, for lessons during my trips to San Diego. This is indeed a great service, for in no other way could she have personal help.

I am very much indebted to Mrs. V. H. Akers of San Bernardino and Mr. and Mrs. Stanley Piper of San Diego, who drive me about these cities and their vicinities. These friends do more than merely drive, they find the out of the way and hard places and are keenly interested in the welfare of all those whom we visit. I am also grateful to the families of my pupils in Baldwin Park who drive me from one home to the other in that widely scattered community.

We have cooperated to good advantage with the teachers of the Department of Institutions, the Rehabilitation Division of the State Board of Education, and the County and State Aid Divisions of State Aid for the Blind, and I am indebted

to these agencies for bringing many blind people to my attention.

We very much appreciate the courtesy shown by Mr. Gilbert Rivenburgh of the State Industrial Workshop for the Blind, in permitting lessons to be given there, not only to the workers but to those coming from the outside.

A word of thanks is due Mrs. Roberts for her annual gift to the Los Angeles Braille Club Christmas fund in memory of a blind brother. We extend sincere thanks to Mrs. C. H. Kelley of Pasadena who does so much for the success of the annual picnic, and for other services too numerous to mention.

LAW AND LEGISLATIVE REFER- ENCE SECTION

HERBERT V. CLAYTON, Supervising Libra-
rian.

The Law and Legislative Reference Section is fully equipped with the latest reports, digests, encyclopedias and text-books, the statutes of other states, the United States, Great Britain, Canada, Australia and certain other foreign countries and briefs of counsel in cases decided in the California Supreme and Appellate courts. State officers are entitled to borrow books and private individuals are accorded the same privilege upon presentation of a request signed by a Supreme, Appellate or Superior Judge, or other State officer. Books may be kept three weeks, and will be once renewed for two weeks. All books are subject to recall, if required by a State officer, or if, in the opinion of the Librarian, a recall is fair and expedient.

In addition to special service to members of the Legislature, information on the laws of California and other states and countries is given on inquiry from libraries and individuals.

Recent accessions to the section will be found listed under the heading "Law" in the section on "Recent Accessions."

ORDER SECTION

MYRTLE RUHL, Supervising Librarian.

During July, August and September, 1035 books and 1 map were accessioned.

PRINTS SECTION

BERTHA S. TAYLOR, Librarian.

The Prints Section has been established only since the new State Library building was occupied in August, 1928. In it are kept the prints acquired by the State Library for several years past and now for the first time suitably housed and displayed. In display cases can be shown about fifty prints at a time and exhibits are constantly maintained. Visitors are invited.

The total number of prints remains at 3410 as none was added this quarter.

Etchings and lithographs of William Woollett, showing construction progress on Boulder Dam, were exhibited in July. These were lent by Mr. Woollett. In August the exhibition consisted of "Prints by Living Americans," assembled and lent by the Los Angeles Art Association. Prints from the State Library collection were shown during September. The subject illustrated was "Ships and

Ports" and the prints were in all mediums, including many in color.

There were 921 visitors to the Prints Room during the quarter.
